SUMMARY

Frontend Developer with hands-on experience building responsive React.js applications using JavaScript (ES6+), React Hooks, Firebase, and REST APIs. Experienced in developing reusable UI components, implementing authentication workflows, client-side validation, and state management. Skilled in deploying production-ready web applications and creating scalable, user-friendly interfaces using modern frontend development practices.

TECHNICAL SKILLS

Frontend: React.js, JavaScript, HTML5, CSS3, Bootstrap, Responsive Design

React: React Hooks, State Management, Component-Based Architecture, REST API Integration

Databases: MySQL, Oracle

Tools: Firebase, Git, GitHub, VS Code, Chrome DevTools

Backend: Core Java, JDBC, Servlets, MySQL

EDUCATION

B. Tech Computer Science (AI & ML), GIET Rajahmundry | Graduated 2026 | CGPA: 7.5/10

PROJECTS

Recipe List Web App (React.js, Firebase)

Developed a responsive React.js application using reusable components and React Hooks.

Implemented authentication workflows, client-side validation, and state management to improve user experience.

Integrated Firebase Authentication and deployed the application using Firebase Hosting.

Live: <https://recepies-e03fd.web.app/>

Sign Up Page with Google Authentication (React.js, Firebase)

Built secure Google Sign-In authentication using Firebase Authentication and React.js.

Developed reusable frontend components and responsive user interfaces.

Applied React Hooks and component-based architecture to improve maintainability and scalability.

Todo List Application (React.js)

Developed a CRUD-based task management application using React.js.

Implemented state management and browser local Storage persistence.

Built a responsive user interface using reusable React components.

EXPERIENCE

Artificial Intelligence Trainee — AIMERS (Remote)

Engineered YOLOv8-based object detection achieving 92% accuracy and prepared frameworks for real-world deployment.

Intern — INTERNZ LEARN (Remote)

Worked with Generative AI, LLMs, prompt engineering, model fine-tuning, and deployed AI apps using Hugging Face, Llama, Streamlit.

CERTIFICATIONS

AWS Cloud Practitioner — APSSDC (2025)

React — AH Career Academy (2024)

SQL — AH Career Academy (2024)

Oracle Database — AH Career Academy (2024)

ADDITIONAL SKILLS

Soft Skills: Communication, Teamwork, Problem Solving
